

JAN 2023

Launch of Northeastern Chapter of the National Academy of Inventors (NAI)

Recognizing, Inspiring, Empowering Northeastern Innovation & Entrepreneurship

ABOUT THE NATIONAL ACADEMY OF INVENTORS

The National Academy of Inventors recognizes, publicizes, promotes, and educates inventors with U.S. patents

250+

Universities, Government, Institutes with a worldwide institutional presence

4000+

World renowned members and fellows who have generated immense social and economic impact

CHAPTER MISSION

Embracing our century-long leadership in experiential education, translational research, and global presence, Northeastern's chapter of the National Academy of Inventors serves to empower inventorship and entrepreneurship across the innovation ecosystem by recognizing, inspiring, educating, and connecting, members of the academic and industrial communities.

BENEFITS TO NORTHEASTERN
