

PlusOne Information Session

LEARN ABOUT THE PLUSONE ACCELERATED MASTER'S DEGREE PROGRAM

A master's degree can provide you an additional level of expertise in an area aligned with your career goals. As a currently enrolled Bachelor of Science (BS) student in the College of Engineering at Northeastern, you have the opportunity to earn a Master of Science degree (MS) in an accelerated time period with the [PlusOne program](#). Once accepted into the program in an approved PlusOne pathway, which is a BS and MS PlusOne combination, you can earn an MS degree with, in most cases, just one extra year of study beyond your undergraduate degree program.

In this virtual information session, College of Engineering undergraduate and graduate academic advisors will provide an overview of the PlusOne program to give you the knowledge and next steps to take advantage of the program if you choose.

WHAT YOU WILL LEARN:

- What is PlusOne
- Benefits of the program
- Eligibility
- Co-op considerations
- Financial considerations
- Selecting your pathway
- Academic advising resources
- Timeline to apply
- The application process
- Course registration
- Transitioning to graduate school

EVENT DETAILS:

Date: Tuesday, March 30, 2021

Time: 7 – 8 p.m. EST

With over 185 tenured/tenure-track faculty, 18 multidisciplinary research centers and institutes, and funding by eight federal agencies, the College of Engineering is a leader in experiential education and interdisciplinary research, with a focus on discovering solutions to global challenges to benefit society.

Northeastern University

Founded in 1898, Northeastern is a global research university and the recognized leader in experience-powered lifelong learning. Our world-renowned experiential approach empowers our students, faculty, alumni, and partners to create impact far beyond the confines of discipline, degree, and campus.

Our locations—in Boston; the Massachusetts communities of Burlington and Nahant; Charlotte, North Carolina; London; Portland, Maine; San Francisco; Seattle; Silicon Valley; Toronto; and Vancouver—are nodes in our growing global university system. Through this network, we expand opportunities for flexible, student-centered learning and collaborative, solutions-focused research.

Northeastern's comprehensive array of undergraduate and graduate programs—in on-campus, online, and hybrid formats—lead to degrees through the doctorate in nine colleges and schools. Among these, we offer more than 140 multidisciplinary majors and degrees designed to prepare students for purposeful lives and careers.
